Mila Mila

Anushka

Mila Mila Mila (Let's come together, come together)
Aaa Mila Mila (Let's come together, come together)
Do Bahon Mein (The two of us locked in a tight embrace)
Do Dhadkanee (Two heats beating)
Don't need nothing more
Turn the lights down low
And turn me on
I wanna feel you touch my body
All night long
[Chorus]Choo -o- Na, Choo -0- Na (Come touch me)
Come touch me touch me baby
Choo -o- Na, Choo -0- Na (Come touch me)
Come hold me hold me baby
Baby rock me fast
Baby rock me slow
If you do me right
We can make this last all night
Heart is pumpin' jumpin'
The way you touch my body
Makes me feel like something
Uncontrolled is going on
Pulses pumpin' thumpin'
And the dance floor keeps it rockin'
Can you feel it
As they're layin' it down
Touch me touch me OH
Touch my body slow
Touch me touch me OH

If you want me let me know
[Chorus]Mila Mila Mila (Let's come together, come together)
Aaa Mila Mila (Let's come together, come together)
Do Bahon Mein (The two of us locked in a tight embrace)
Do Dhadkanee (Two heats beating)
Don't need nothing more
Turn the lights down low
And turn me on
I wanna feel you touch my body
All night long

Heart is pumpin' jumpin'
The way you touch my body
Makes me feel like something
Uncontrolled is going on
Pulses pumpin' thumpin'
And the dance floor keeps it rockin'
Can you feel it
As they're layin' it down
Touch me touch me OH
Touch my body slow
Touch me touch me OH
If you want me let me know
[Chorus]Baby rock me fast
Baby rock me slow
If you do me right
We can make this last all night
