

If This Is Love

The Saturdays

Yeah Tell me baby in the night do you think of me
When you open up your eyes am I there
Are you standing by my window when I'm asleep
Are you quiet when you know that I'm near You know I love you, you thought I would leave you
But baby I got you still
You think you want to be by yourself, don't you
But baby you never will If this is love
Then I don't wanna know what is, I won't say another word
If this is love
Then I'm about to hit and miss, we're both going to get hurt
If this is love If this is love, yeah yeah Are you picturing me lying across your bed
Are you thinking you were wrong to hurt me
I forgive you, I'll forget everything you said
You will love and you will not desert me You think you're crazy, I'm not I'm your baby
I promise I'll always be
You think eventually this too will pass
But I promise I'll never leave If this is love
Then I don't wanna know what is, I won't say another word
If this is love
Then I'm about to hit and miss, we're both going to get hurt
If this is love If this is love, if this is love Baby, baby if this is love
I don't know what I'm gonna do
Baby, baby if this is love
I will not accept it, I will not If this is love
Then I don't wanna know what is, I won't say another word
If this is love
Then I'm about to hit and miss, we're both going to get hurt
If this is love If this is love
Then I don't wanna know what is, I won't say another word
If this is love
Then I'm about to hit and miss, we're both going to get hurt
If this is love If this is love, if this is love Yeah
