

Boom

Prima J

Boom, boom, boom, boom
JR, JR We L I K E C A R S
The cars that go boom, boom, Prima J We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom, Prima J
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom Talk to me boy, tell me what you want
Walk with me baby, show me what you got
Do your rims shine bright on the side?
Will they make me bounce bounce when I ride? Roll with me boy, do you got enough gas?
Let me mess with you baby if you got an S-Class
Do you got enough room in the back?
Navigation show you where my spot at Slide to the right, slide, slide to the right
Swerve to the left now, swerve to the left
Gas break, gas break
Woah, let me catch my breath We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom, Prima J
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom Gotta have that bass bump I like it real loud
Bump, bump, bump, bump
Make the top drop down
Ridin' low, grip the wheel real tight
Please don't crash when I ride all night Wanna make it lean, wanna make it scream
Wanna make it rock, wanna make it hot
Don't skip that track, don't turn it down
'Cause we're rollin' with the homies Slide to the right, slide, slide to the right
Swerve to the left now, swerve to the left
Gas break, gas break
Woah, let me catch my breath Slide to the right, slide, slide to the right
Swerve to the left now, swerve to the left
Gas break, gas break
Woah, let me catch my breath We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom, Prima J
We like the cars, the cars that go boom
We're Jessi and Nelle and we like the boom Nelle like it, Jessi like it, all my girls you know like it
Cali and Miami like that boom, boom
Atlanta like it, New York like it, chicks in the Midwest they like it
Your mama and your granny like that boom boom We L I K E C A R S
