Prima J

Boom, boom, boom, boom JR, JRWe L I K E C A R S

The cars that go boom, boom, Prima JWe like the cars, the cars that go boom We're Jessi and Nelle and we like the boom, Prima J

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boomTalk to me boy, tell me what you want

Walk with me baby, show me what you got

Do your rims shine bright on the side?

Will they make me bounce bounce when I ride? Roll with me boy, do you got enough gas?

Let me mess with you baby if you got an S-Class

Do you got enough room in the back?

Navigation show you where my spot atSlide to the right, slide, slide to the right Swerve to the left now, swerve to the left

Gas break, gas break

Woah, let me catch my breathWe like the cars, the cars that go boom

We're Jessi and Nelle and we like the boom, Prima J

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boomGotta have that bass bump I like it real loud

Bump, bump, bump, bump

Make the top drop down

Ridin' low, grip the wheel real tight

Please don't crash when I ride all nightWanna make it lean, wanna make it scream

Wanna make it rock, wanna make it hot

Don't skip that track, don't turn it down

'Cause we're rollin' with the homiesSlide to the right, slide, slide to the right

Swerve to the left now, swerve to the left

Gas break, gas break

Woah, let me catch my breathSlide to the right, slide, slide to the right

Swerve to the left now, swerve to the left

Gas break, gas break

Woah, let me catch my breathWe like the cars, the cars that go boom

We're Jessi and Nelle and we like the boom, Prima J

We like the cars, the cars that go boom

We're Jessi and Nelle and we like the boomNelle like it, Jessi like it, all my girls you know like it

Cali and Miami like that boom, boom

Atlanta like it, New York like it, chicks in the Midwest they like it

Your mama and your granny like that boom boomWe L I K E C A R S
