## Love Spit Love

I want more  
Than I thought I'd own  
I want order in my mind  
I want more I want more  
Than I thought I'd own  
I want hands to wave goodbye  
I want more Take the river down to  
Where the sea comes in  
I give up all I've got Well, almost anything  
I wanted reason  
I've got a reason now I want more  
Than I thought I'd own  
I want order in my life  
I want more I want more  
Than I thought I'd own  
I want hands to wave goodbye  
I want more Take the river down to  
Where the children sing  
I'll give up all I've got Well, almost anything  
I wanted reason  
I've got a reason now (I want more)  
Take the river down to  
Where the sea comes in  
(Than I thought I'd own)  
I give up all I've got Well, almost anything  
(I want order in my mind)  
I wanted reason  
I've got a reason now  
(I want more) (I want more)  
Take the river down to  
Where the children sing  
(Than I thought I'd own)  
I'll give up all I've got Well, almost anything  
(I want hands to wave goodbye)  
I wanted reason  
I've got a reason now  
(I want more)
