

Fourteen Rivers, Fourteen Floods

[Beck](#)

Fourteen rivers, fourteen floods
Bend your body to the heavens above
Don't get drunk, don't get dry
Just bring your money next Saturday night
Fourteen miles on a Teton trail
With a half-dead mule and nothin' on my mind
All my life I been talkin' fast
Takin' all the things that I shoulda let pass
Throw my hat on a coffin nail
Put another brick in the fireplace
Well, I don't know about you or me
But someone got loose back in town
