Here's To You

Here's to you and all your loving thoughts
Here's to you, you're such a fuckin' whoreHere's to you for bringing me down
Here's to you, I'm glad you're gone now
Ain't it true what comes 'round goes around
Here's to youPulled me in and then you led me on
Used me up to get just what you want
Shards of sweat will cut you tenfold
When you realize you are all aloneHere's to you for bringing me down
Here's to you, I'm glad you're gone now
Ain't it true what comes 'round goes around
Here's to youI always thought
I was number one to you
But looking back
I never even was your number twoHere's to you for bringing me down
(Here's to you)
Here's to you, I'm glad you're gone now
(Here's to you)
Ain't it true what comes around goes aroundHere's to you
(What comes 'round goes around)
Here's to you
(I'm glad you're gone now)
Ain't it true what comes 'round goes around
Here's to all the fucked up things you do
