

# I Understand (feat. Ilovemakonnen)

## Key

[Hook: ILoveMakkonen]

I don't believe it, when you say you're missing me  
It feels different, when you're kissing me  
So what you sayin'? If you mean it tonight  
Why you playing? You're being mean tonight  
I don't believe it, when you say you missing me  
It feels different, when you, when you're kissing me  
I-iiiiiii, I'll leave  
If you don't wanna be what we once were, I understand  
I don't wanna hold you up, if you got plans  
It feels different[Post-Hook: Key!]  
I'm 'bout to turn this car around  
I'm about to turn this car around  
I'm finna turn this car around  
I'm about to turn this car around[Verse 1: Key!]  
It used to be bliss, now when we kiss  
This ain't the same bitch, this ain't the same bitch  
Everything used to be alright, it used to be alright  
I saw you texting me
