Stay

Pochill

tay
And make it right
Say
My name tonight

Sweet passions, through the night
I wanna be your delight
Heaven knows I want to

I?m living in paradise
There?s loving deep in my eyes
Heaven knows I want you

Stay
And make it right

I wanna be wrapped in you
That?s what I wanna do
And leave the world behind me

It pushes me to the sky
Whenever I see your eyes
Love blinding ceremony

Sweet passions, through the night
I wanna be your delight
Heaven knows I want to

I?m living in paradise
There?s loving deep in my eyes
Heaven knows I want you
