

# My Emotions Are Blinding

## Tennis

Women are much closer to nature  
So but can't you understand  
Binary opposition  
Hits me like a divine plan I get hysterical, oh oh  
It's empirical, oh yeah  
I get hysterical, oh oh  
It's empirical, oh yeah My emotions, they are blinding  
This is one night I can't go on surviving  
Tell me one truth worth confiding  
Baby, don't you know that my love is binding  
My emotions, they are blinding  
This is one night I can't go on surviving  
Strike me like a sacred vision  
If the night goes exactly as planned  
I'll be giving all my attention  
To the world's most interesting man I'm just a vehicle, oh oh  
For the material, oh yeah  
I'm just a vehicle  
And I won't be back again My emotions, they are blinding  
This is one night I can't go on surviving  
Tell me one truth worth confiding  
Baby, don't you know that my love is binding?  
My emotions, they are blinding  
This is one night I can't go on surviving  
Tell me one truth worth confiding  
Baby, don't you know that my love is binding?  
It's metaphorical  
For the categorical  
It's metaphorical  
For the categorical  
I get hysterical  
It's empirical  
I get hysterical
