

Wasn't That Enough (with Keb' Mo')

Colin Linden

You took a piece of my heart one night
I saw how easy I could fall
I chased you down and I gave you the rest
Because I wanted you to have it all[Chorus]
Wasn't that enough love, baby
When I gave you everything I had?
Wasn't that enough love, darling
For you to give me just a little bit back?Every little thing that you asked of me
You know I'd do it just for you
And if you didn't like my loving ways
Darling, I would change that too[Chorus]I pledge myself to you alone
Didn't want anyone else
But you weren't ever going love no one
Much as you loved yourselfNow I'm down on my knees at your table, baby
Just waiting for one little crumb
Got to find my sugar somewhere else
'Cause all of my begging's been done[Chorus]
