Pick up your courage
Wake up your soul
Dust off the pieces
This pain's too oldWelcome to the heartache
Welcome to the suck
Feel your heart is burning
Destiny not luck, yeah
Destiny not luck, yeah
Destiny not luckFires are burning
All day and all night
Our faith has been blurring
With the dreams and our fightWelcome to the heartache
Welcome to the suck
Feel your heart is burning
Destiny not luck, yeah
Destiny not luck, yeah
Destiny not luck
