Still

Nick Sherman

Youâ€™re still just like the woods
And I left just like I could
Skyâ€™s on fire and the waterâ€™s underneath my feet
Watch me fall and let me be

Grown out of everything I own
Forget everything I know
Thereâ€™s no room for mistakes Iâ€™ve been told
Over and over again
With your words

Carved out of stone you canâ€™t be free
Far from the camera calls and demons in my sleep
I choose the end, I choose your honesty
Hold you in my arms what is it worth
Hold you in my arms what is it worth

Iâ€™m grown out of everything I own
Forget everything I know
Thereâ€™s no room for mistakes Iâ€™ve been told
Over and over again
With your words

Youâ€™re still just like the woods
And I left just like I could
Skyâ€™s on fire and the waterâ€™s underneath my feet
Watch me fall and let me be
