

# Resurrection Mary

[Vandaveer](#)

I wanna meet resurrection Mary  
Stand before God, speak in tongues, hear her stories  
Worries and Fears are locked behind your door  
Mary on the contrary, I'll be on your side and more But you don't trust me  
That's fare  
But you can trust me  
I swear Beautiful maiden, don't forget your dancing shoes  
Strike up the band, the band shall play our feet shall move  
Move by the beat, like a firey revival  
Oh we want answers, but all we do is idol But you don't trust me  
That's Fare  
But you can trust me  
I swear Mary, Mary I'll be true  
I'll keep your secrets too  
Oh for one dance with you  
What I wouldn't do  
For you... I want to greet resurrection Mary  
Outside a gate, stake my place I'll be ready  
I'll steady my hand, I'll offer her my arm  
Maybe I'll be honored if only for one song If you take my lead, I'll lead  
Oh I'll follow if you choose  
Oh... Mary, Mary, I'll be true  
I'll keep your secrets too  
Oh for one dance with you  
What I wouldn't do  
For you...
