

Do I Make You Feel Shy?

Connan Mockasin

Tell me that you'll never leave me
Whip me aside and just squeeze me
With a truth in your heart, we'll make a fresh start
I'll be the boy of your dreams
Tell me the way that you need me
Whip me the way that you'll please me
Do I make you feel shy, when telling you why? I'll be the boy of your dreams Ahhhhhh,
My love is waiting for you now
Ahhhhh,
My love is waiting for you now, don't be afraid Tell me that you'll never leave me
Tell me the way that you need me
I met a girl yeah was easy
Relaxed with a tan, yeah she pleased me (Oh yeah)
Nice at the start, (oh yeah) but boy it was hard (okay) I left a flower with my name on it
So take me to yours and i'll leave you
Book that hotel and i'll please you
Do you think we can try relax and not cry
I'll be the boy of your dreams Ahhhhhh,
My love is waiting for you now
Ahhhhh,
My love is waiting for you now, don't be afraid Tell me that you'll never leave me
Tell me the way that you need me
Do I make you feel shy, when telling you why
I am the boy of your dreams My ever lusty world
My ever lusty world
My ever lusty world
My ever lusty world
My ever lusty world
My ever lusty world
My ever lusty world
My ever lusty world
