Return To Me

Sparklehorse

Arise oh brother mountain
Our hooves hammering your coils
The rivers carve out your hollows
With tears from me return to me
Return to me, my love, oh my loveBe still oh rusting river
Unlock her name from your grass
Unburden the pressures of fathoms
Of tears from me return to me
Return to me, my love, oh my love, oh my loveReturn to the clouds
Return in the caves
Return over valleys
Oh my love, oh my love, oh my love
