

# Golden Child

Arper

Golden child  
When ever you feel lonely  
I'm on your side  
No matter where you go  
I will be there  
You always find my shoulder  
So don't cry, my golden child  
My golden child  
My golden child  
Golden child  
Whenever you feel lonely  
I'm on your side  
No matter where you go

I will be there  
You always find my shoulder  
So don't cry, my golden child  
Golden child  
Whenever you feel lonely  
I'm on your side  
No matter where you go  
I will be there  
You always find my shoulder  
So don't cry, my golden child  
My golden child  
My golden child
