Sonic Youth

Can I have some money?
I wanna go to the store
Can I have some money?
I can't tell you what it's for Can I have some money?
You know it's you that I adore
Can I have some money?
Don't ask me what it's for Since we've been together
You've been good to me
You only hit me
When you wanna be pleased Can I have the car keys?
I wanna go for a ride
Can I have the car please?
I'm goin' out for a while Can I have the car now?
I wanna drive all around
Can I have the car dear?
I'm goin' to leave this town I wont be askin'
Your permission to leave
I wont be askin'
Not to have this baby please
And I wont be askin'
A devil for some bus fare please
And I wont be askin'
I had to see you bleed Ssh
Visualize
Thats right
Pray Baby
One two three
