

I'm Charming

The Black Dahlia Murder

Yeah, I'm running off the rails
I've finally gone crazy
And the ground is spinning faster than my teeth could ever grind
I know it's a shame when success (does) complain,
But I can't remember my name In the absolute wrong I have made this place to lay my head
A reoccurring nightmare
I never trust, I never rest I've become another victim of this self-serving device
My cock does all the talking
My mouth now just for lie I'm winding down to nothing
It's suddenly come clear
I'm winding down to nothing
A human smoke that fills the air What can you believe?
That is the question
I have you on a string
Something yet up my sleeve Bury me deep, as we have our unborn child
In this world, yet cold enough to host this seed of endless ugliness In a sea of corruption,
A wake of lie, so wildly I have stirred I'm winding down to nothing
It's suddenly come clear
I'm winding down to nothing
A human smoke that fills the air What can you believe?
That is the question
I have you on a string
Something yet up my sleeve (My love is but a lie, always reaping what I've sown)
(Taking you down to degrees you'll never known)
