

Home

Veorra

Just a boy from the suburbs

Messing with the wrong girls

I could be your ocean pearl

And you could be my world

You're so fresh like no other

Like a cool breeze in summer

I'll follow you a million miles

So you could be my world

You feel like home

You feel like home

You feel like homeâ€‘

You feel like home

You feel like home

You feel like homeâ€‘
