

One Finger And A Fist

Drowning Pool

One finger and a fist
I'll claw my way out of any situation
I got a one, two punch
I'll fight my way out of any confrontation

I got news for you
You're not the first one, won't be the last
Won't take abuse
I see you run son, you're running fast

What you wanna do?
You call me crazy, I paid my dues
You know the truth
You go against me, you're gonna lose

Play your hand without a deck
You make your bed of nails

One finger and a fist
I'll claw my way out of any situation
I got a one, two punch
I'll fight my way out of any confrontation
One finger and a fist
I'll claw my way out of any situation
I got a one, two punch
I'll fight my way out of any confrontation
One finger and a fist
One finger and a fist

I got news for you
You run your mouth now, I'll shut you up
You got no clue
It's gonna go down, we're gonna go

What you wanna do?
You call me insane, I pay my dues
You know the truth
You go against me, you'll always lose

Raise your hands or hang your head now

Either way you fail

One finger and a fist
I'll claw my way out of any situation
I got a one, two punch
I'll fight my way out of any confrontation
One finger and a fist
I'll claw my way out of any situation
I got a one, two punch
I'll fight my way out of any confrontation

I'm a hardcore
Son of a bitch, you know I'm hardcore
I'm a hardcore
Son of a bitch, you know I'm hardcore

One finger and a fist
I'll claw my way out of any situation
I got a one, two punch
I'll fight my way out of any confrontation
You better bring that shit
Or I'll take you down without hesitation
I got a one, two punch
I'll fight my way out of any confrontation
One finger and a fist
One finger and a fist
One finger and a fist
One finger and a fist
