

# Settle Down

Zwan

Settle down, dont settle down without me, no, no  
Settle down, Ill settle down for good, yeah  
Settle down, Ill settle down around you, yeah yeah  
Settle down, Ill settle down for sure, yeah Whatever I can do, I will cause Im good like that  
For seven years, seven days, and seven hours  
I took my chances, yeah  
Whatever I can do, I will cause I want Never lose that feeling  
Never lose that feeling Settle down, Ill settle down around you, yeah yeah  
Settle down, Ill settle down for good, yeah  
Settle down, dont settle down without me, no, no  
Settle down, Ill settle down for sure, yeah Never lose that feeling  
Never, no, no  
Never lose your feelings  
Never, thats for sure Never lose that feeling  
Never lose that feeling  
Never lose that feeling Never lose that feeling  
Never lose that feeling  
Never lose that feeling Whatever I can do, I will cause I want to  
And what I want I get  
Seven years, seven days, and seven hours  
I took my chances, yeah Settle down, dont settle down without me, no, no  
Settle down, Ill settle down for good, yeah  
Settle down, Ill settle down around you, yeah yeah  
Settle down, Ill settle down for sure, yeah Never lose that feeling  
Never, no, no, no
