

# On My Mother's Side

## Wendy Bagwell & The Sunliters

Joseph and Mary went searching for three days ...for the son they had raised..  
They found him teaching in the temple and this he had to say...  
I'm doing my fathers business...I'm doing my fathers business  
The elders had never heard ..such wisdom  
so they ask how when and where...Whos is this child with a word...

((Chorus))

son what your name? on my mothers side my name is Jesus.... on my fathers side Emmanuel side I've always  
been...

Son how old are you? on my mother side I', 12 years old...on my fathers side I've  
Ive always been....

And where where were you born...on my mothers side I was was born in Bethlehem  
on my fathers side. the new Jerusalem

what's your plan son? On my mothers side I will be crucified....

On my fahters side in 3 days I will raise...I will rise...and sit on my fathers side...
