

# Let's Go to War

## Drama

(What, what, what)  
Huh, it's time to separate all the trio  
From the Bustas, you heard me  
Drama, ahhLet's go to war, let's go to war  
Let's go to war with these bust ass niggas  
Let's go to war, let go to war, let go to war  
Let go to war with these bust ass niggasJump when I say jump, go when I say go  
Tura gots the loot with the K's on my check  
I scrap with grenade, 'cause in the south niggas don't play  
And every nigga that I know keep a chopper on KWhat's gon happen is gon happen, so fuck now stop jacking  
That's why you stop jacking, nigga all clikk clacking  
I told you once, I told you twice, that y'all niggas ain't ready for me  
I hear you talking shit, but pussy nigga I ain't worriedBut now they like my dick  
I take the help and keep it whipping  
'Cause deep down south fifth ward niggas ain't scrap  
Who need the name of Drama putting it louder on the mapSlap it like a pig, so you hater best sit, 'cause if you  
don't sit it down  
Now, bust on Busta Rhymes, for nigga it's either or  
But nigga I'm screaming war, choppers and K's  
Fully loaded automatic, so fuck all the staticLet's go to war, let's go to war  
Let's go to war with these bust ass niggas  
Let's go to war, let go to war, let go to war  
Let go to war with these bust ass niggasYo, you short a deal nagging me to my enemies  
Leaving nigga booted live abused and stared  
I'm bitching like Al Capone, my AK at crack of dawn  
[Incomprehensible]He told me, my momma pussy and came out screaming war  
My daddy he couldn't be found so I was neglected low  
They say drama you ain't right, they say that I'm dead wrong  
But if I'm niggas cross me I'm cracking they fucking dome  
Go off like a time bombBut drama I beat it, now Peter Peter the pussy eater  
I'm packing a millimeter, they's call me the fucking heater  
'Cause I'm leaving niggas wrong, put a tag on that nigga toe  
'Cause he'll never breathe again  
(Okay)Drop to my knee, asking Peter if he'll forgive my sins  
The sins that I committed, I plotted before I did it  
I'm looking at seventy plus, 'cause it was premeditated  
The witness he never made it, 'cause I'm leaving nigga fadedBe straightened by playa haters, them bustas they  
wanna do  
But I bar none 'cause I'm the 2000 John Wayne
