

# Tangled Up In Love

[Keith Urban](#)

You know the cards are stacked against this  
As we surrender our defenses  
And I've torn down all my fences just for you  
And you feel it too what do we do, do we run or see it through? The longer we're together it just keeps gettin'  
better  
And you hide your little love letters around the house for me  
And it's plain to see that you'll always be all I'll ever need  
The webs we spun wove into one and left us tangled up in love You squeeze my hand I understand about a  
woman and a man  
I love the way you make me feel  
You got me tangled up in love  
The webs we spun wove into one left us tangled up in love The longer we're together it just keeps gettin' better  
And you hide your little love letters around the house for me  
And it's plain to see that you'll always be all I'll ever need  
The webs we spun wove into one and left us tangled up in love
