

# People of Earth

## Wampire

People of Earth,  
I have traveled so far,  
You know I'm made of glitter,  
cuz I come from the stars.  
I've flown from star to star,  
to reach this planet so blue,  
Listen to my story,  
because my message is true. And I know,  
Just how you feel,  
And I see,  
Your loving is real.  
But your ways,  
Will lead you astray,  
The clock on the wall,  
Will ruin it all. People of Earth,  
They're always driving their cars,  
They dress all kinds of fancy,  
and they're drinking at bars.  
The thing I like the most,  
Is how they show what they feel,  
The clock upon the wall,  
Is always mocking them still. But I know,  
Just how you feel,  
And I see,  
Their loving is real.  
But in space,  
Time is erased,  
The clock on the wall,  
Will ruin it all.
