Caught In a Trap

Love Equals Death

I'm frozen
Stuck in time
I'm searching for a reason to leave this hell
But it's so hard to findI'm frozen
Stuck in time
I'm searching for a reason to leave this hell
But it's so hard to findIt seems I just can't get away
I got a '68 Fury broken down in my driveway
Sometimes I feel my life's a wreck
I try to get ahead living paycheck to paycheckI'm frozen
Stuck in time
I'm searching for a reason to leave this hell
But it's so hard to findI'm caught in a trap
I just can't believe that
There's no turning back
Because I'm caught in a trapI had a clear way out of the scene
But some friends let me down and put a crack in my dream
My dreams are so far out of reach
I see my friends living my dream on TVI'm frozen
Stuck in time
I'm searching for a reason to leave this hell
But it's so hard to findCaught in a trap
