

Violet

Hole

And the sky was made of amethyst
And all the stars are just like little fish
You should learn when to go
You should learn how to say no Might last a day, yeah
Mine is forever
Might last a day, yeah
Mine is forever They get what they want, they never want it again
They get what they want, they never want it again
Go on, take everything, take everything, I want you to
Go on, take everything, take everything, I want you to And the sky was all violet
I want it again but more violent, more violent
I'm the one with no soul
One above and one below Might last a day yeah
Mine is forever
Might last a day, yeah
Mine is forever They get what they want, they never want it again
They get what they want, they never want it again
When I get what I want, what I never want it again
When I get what I want, what I never want it again Go on, take everything, take everything, I want you to
Go on, take everything, take everything, I dare you to I told you from the start just how this would end
When I get what I want, what I never want it again
Go on, take everything take everything I want you to
Go on, take everything take everything I want you to Steal all of my lovin' Go on, take everything take
everything I want you to
Go on, take everything, take everything I want you to
Go on, take everything, take everything I want you to
Go on take everything, take everything, take everything, take everything
