

Whatever It Takes

Digital Summer

I'll do whatever it takes,
To get you out of my life
I'll do whatever it takes,
To just make you go away

I'm sorry,
Just isn't good enough
This time there's nothing,
You can do to change my mind
Inject the silence
Inject the silence
Inject the silence
Just to bring me peace

Break
Everything
Break
Everything
Break
Everything
Break
Everything

I'll do whatever it takes,
To get you out of my life
I'll do whatever it takes,
To just make you go away

You've fallen
And I'm not about to pick you up
There's something
In your voice that makes me sick
So sick of the insults
So sick of the torment
So sick of everything

Break
Everything
Break
Everything

Break
Everything
Break
Everything

I'll do whatever it takes,
To get you out of my life
I'll do whatever it takes,
To just make you go away

I give anything
To get you away from me
I give anything
To get you away from me
I give anything
To get you away from me
I give anything
To get you away from me

I'll do whatever it takes,
(whatever it takes)
To get you out of my life
I'll do whatever it takes,
To just make you go away

I'll do whatever it takes,
To get you out of my life
I'll do whatever it takes,
To just make you go away
