Like It Like That

Call the Cops

Cause you know I like it like that
And Iâ€™ll teach you something like that
And I know you like it like that

Youâ€™ve heard about my reputation
Of rumors spread by haters
Just stories they created
We talk, you always get so nervous
But what if this gets out
And every body knows it

The way you make me feel
Is it wrong to go along or does it feel right?
You cant say this ainâ€™t real even though your still with him its just a matter of time
And you can quote me when I say

So what if your friends canâ€™t keep a secret
Itâ€™s alright
If it gets back to whatâ€™s his name
I donâ€™t mind
And if itâ€™s a problem he knows where to find me
If you wanna say somethinâ€™
And tell his friend I said the same

Cause you know I like it like that
And Iâ€™ll teach you something like that
And I know you like it like that

You swear but I know you like the drama
How everybodyâ€™s talking about you waiting in the corner
You say its such an awful game
If you cant admit the truth about it Iâ€™ll just take the blame

The way you make me feel
Is it wrong to go along or does it feel right?
You cant say this ainâ€™t real even though your still with him its just a matter of time
And you can quote me when I say

So what if your friends canâ€™t keep a secret
Itâ€™s alright
If it gets back to whatâ€™s his name
I donâ€™t mind
And if itâ€™s a problem he knows where to find me
If you wanna say somethinâ€™
And tell his friend I said the same

Iâ€™m telling you itâ€™s alright if he finds out I donâ€™t mind
Cause I got nothing, I got nothing left to lose

Iâ€™m telling you itâ€™s alright if he finds out I donâ€™t mind
Cause I got nothing, I got nothing left to prove
Cause if itâ€™s a problem he knows where to find me
if he wants to say something
and tell his friend I said the same

So what if your friends canâ€™t keep a secret
Itâ€™s alright
If it gets back to whatâ€™s his name
I donâ€™t mind
And if itâ€™s a problem he knows where to find me
If you wanna say somethinâ€™
And tell his friend I said the same

Cause you know I like it like that
And Iâ€™ll teach you something like that
And I know you like it like that

Cause you know I like it like that
And Iâ€™ll teach you something like that
And I know you like it like that
