Alison Wonderland

Hedley

Hey, hey you.
I know it's been a long time coming along,
and I'm coming.
It's me and you, I know it's been a long time
running along, and I'm running.
The way you smile, the way you never stop
believing me.
I got you living in a fairy tale it's killing me.
I know we're heading for disaster.
But I keep running faster, and faster.
And I don't wanna wake you up,
Cause I don't wanna let you down.
I'm scared I'll never be enough, to keep you
around. And there's a part of me that knows
I'm everything you need but I'm afraid to let
you in, afraid of what you'll see.
And now you're falling even harder for a boy
you'll never know.
Hey, hey you,
I know it's been a long time coming along,
but I'm coming.
It's me, and you. I know we've been along
time kissing with something missing and,
It's in your eyes, you're as happy as you'll
ever be. I got you out of breath and loving
girl, it's killing me.
I know we're heading for disaster.
But I keep running faster, and faster.

And I don't wanna wake you up,
Cause I don't wanna let you down.
I'm scared I'll never be enough, to keep you
around. And there's a part of me that knows
I'm everything you need but I'm afraid to let
you in, afraid of what you'll see.
And now you're falling even harder for a boy
you'll never know.
And you think this boy is never letting you go.
But there's so much in this heart you'll never

know.
I know we're heading for disaster,
but I keep running faster and faster.
(yeah, yeah, yeah)
I know we're heading for disaster,
But I keep running faster, faster and faster.
And I don't wanna wake you up,
Cause I don't wanna let you down.
I'm scared I'll never be enough, to keep you
around. And there's a part of me that knows
I'm everything you need but I'm afraid to let
you in, afraid of what you'll see.
And now you're falling even harder for a boy
you'll never know.
Cause I'm afraid of what you'll seeeee.
Faster, faster, faster.
(Afraid of what you'll see.)
Faster, faster, faster.
I'm afraid of what you'll see.
