

Metal Merchants (Tales Of Terror - Remastered)

Hallows Eve

Merchants Conquering and pillaging our metal it will stand the mighty
Metallion will be heard across the land in the end aren't we all animals
And leather is the word so welcome to the human zoo where metal can be

Heard

[Chorus]

Metal Merchants Metal Merchants Conquering and pillaging
Unleashed and let go death to modern music and to all who oppose we'll
Blacken eyes of their severed heads

Dismember them at night we'll

Shove our metal down their throats and show them who is right

[Chorus]

Bang your head against the stage

Throw, throw your fist up in the air

Don't worry their downgrading of our leather and long hair thrusting with
A vengeance now we know just what they are we're all metal merchants and

There ain't no fucking stars.

[Chorus]
