Glow

Ella Henderson

Like a chest of hidden gold
Shimmers in the depths below
We are, we are, the treasures that they hide
Like the sun that saves the night
Bursting through a darkened sky
We are, we are, soldiers of the light
And we will glow
Oh, oh
OhSo let them build their righetous tower
Our blazing hearts will burn it down
We are, we are, soliders of the light
And we will glow
Oh, oh
OhWe are fire, we are fire
And our love will burn
The flame will never die
We are brighter, we are brighter
Let's show 'em how we light up tonight
And we will glow
Oh, oh
OhLike a chest of hidden gold
Shimmers in the depths below
We are, we are, the treasures that they hide
Like the sun that saves the night
Bursting through a darkened sky
We are, we are, soldiers of the light
And we will glow
Oh, oh
OhWe are fire, we are fire
And our love will burn
The flame will never die
We are brighter, we are brighter
Let's show 'em how we light up tonight
And we will glow
Oh, oh
OhAnd we will glow
Oh, oh
OhWe are fire, we shoot our flame up high
They see us burn across a thousand miles

We are brighter, the flame will never die
Let's show 'em how we light up tonight
Oh you and I we're soldiers of lightAnd we will glow
Oh, oh
Oh
And we will glow
Oh, oh
Oh
And we will glow
