

Love Is On a Roll

Don Williams

I can't work late although I need the money
Gotta get home to my lovin' honey
She'll be there waitin', waitin' impatiently Love is on a roll
Love is on a good roll Usually I meet with the boys of Friday
Only this mornin' she said, This is my day
The look she gave me sent a shiver down into my soul Love is on a roll
Love is on a good roll Love is on a roll
Love is on a good roll I'm a songwriter a professional dreamer
Mostly a singer but sometimes a screamer
I should know if anybody knows at all When love is on a roll
Love is on a good roll So I gotta go, I gotta get home early
Be with my woman, soft an curvy
Makes me feel like a king and not a regular Joe Love is on a roll
Love is on a good roll Love is on a roll
Love is on a good roll Love is on a roll
Love is on a good roll Love is on a roll
Love is on a good roll Love is on a roll
Love is on a good roll Love is on a roll
Love is on a good roll
