

Recliner

Hot Water Music

i wait and sleep for something better to come up tomorrow i wait alone for the calling of my fate if it wakes me
up (it's what breaks me--turns my face to red) when it comes to me tomorrow if it passes me (so i scream out--
run hide away) i'll sleep another day i'll wait alone he's got easy days he rocks his chair i'm at home so who'll
run away
