

# Flowerbed

## Take That

Darling please forgive me  
I was sitting on the fence  
I was slowly going out of head  
I did not hear a word that you said  
I was enjoying myself  
Sleeping in your flowerbed  
If I could take your blows  
If I could get pass go  
If I could find a way of fixing the things that I broke  
Then I would, if I could  
And I might understand  
Now I ended outta mind  
And I might understand  
Now I ended outta mind  
But the truth is hard to find  
When it's playing tricks with your mind  
Darling please forgive me  
I was hanging with my friends  
I was slowly getting outta my head  
I did not hear a word that you said  
I was enjoying myself  
Sleeping in your flowerbed  
I was enjoying myself  
Sleeping in your flowerbed
