

# Got A Feeling

Tim Hicks

(feat. Blackjack Billy)

I'm a bullfrog sitting on a log  
Watching them flies like a bone to a dog  
Hey yup the sun done coming up  
bait, pole and a coffee cup  
It's alright if the fish don't bite  
I can sit here all day all night come on  
Ain't nothing no  
Ain't nothing gonna bring me down

Cause I got a feeling and it sure feels good [x2]

I'm a stray cat waiting out back  
Somebody tell me where the party's at  
Hey now the sun done going down  
Time to wake up this sleepy town  
It's shine time gimmie that high  
Pass me some of that apple pie come on  
Ain't nothing no  
Ain't nothing gonna bring me down

Cause I got a feeling and it sure feels good [x2]

Don't it y'all I got a feeling

I got a feeling I'm ready to roll  
How bout a little back road dosie doe yeah I'm good to go  
I got a feeling I wanna spread it around  
Spread a little love ride that buzz ain't nothing gonna bring me down, yea, yea

Tell me tell me, are you are you feeling it too  
It's gonna be a good night, yeah it's gonna be a good night  
[x4]

I got a feeling and it sure feels good [x2]
