

# Bring It On

## Gossip

Oh it ain't easy, no it ain't easy  
Just one time with mama  
Don't make excuses  
Come on and please me  
Come on and please me I'm a one-shot lover  
Don't try to tease me  
Bring it on  
Well, bring it on, bring it on Was a good-hearted woman  
Did the best that she can Left a fire burnin', burnin'
