

I Just Can't Leave Your Love Alone

B.B. King

You let me down all over town
I guess by now I should be gone
Yet, here I stand still in your hands
Cause you're the best I've ever known I try and try to say good bye
I just can't leave your love alone
And after you what will I do
I just can't leave your love alone I walk away most everyday
Don't need a love that hurts me so
Then every night you get it right
Until I'm moaning soft and low I try and try to say good bye
I just can't leave your love alone
And after you what will I do
I just can't leave your love alone
