Our Love

Gregory Porter

They think we're weak
but you're the reflection of my love
We're incomplete
but you're the direction of my love
Vultures are flying 'round the ramparts of
the towers of our love
Don't it sound sweet?
Our loveHow did we meet?
This is the question of our love
They pray defeat
Petty pallbearers of our love
Forces of hate have stormed the gates around
the castles of our love
Don't it sound sweet?
Our love--musical interlude--They think we're weak
but you're the reflection of my love
We're incomplete
but you're the direction of my love
Vultures are flying 'round the ramparts of
the towers of our love
Don't it sound sweet?
Our loveHow did we meet?
This is the question of our love
They pray defeat
Petty pallbearers of our love
Forces of hate have stormed the gates around
the castles of our love
Don't it sound sweet?
Our loveAnd woe-oh, don't it sound sweet? Our love
And woe-oh, don't it sound sweet? Our love
Can't you hear me when I say? Our love
Mmm and don't it sound sweet? Our love
