

It's True That We Love One Another

The White Stripes

Well it's true that we love one another
I love Jack White like a little brother
Well Holly I love you too but there's just so much that I don't know about you Jack give me some money to pay
my bills
All the dough I give you Holly You been using on pain pills
Jack will you call me if you're able?
I got your phone number written In the back of my bible
Jack I think youre pulling my leg and I think maybe I better ask Meg Meg do you think Jack really loves me?
You know, I don't care because Jack really bugs me
Why don't you ask him now?
Well I would Meg I really just don't know how
Just say Jack, do you adore me? Well I would Holly but love really bores me
Then I guess we should just be friends
I'm just kidding Holly you know that I'll love you 'til the end
Well it's true that we love one another
I love Jack White like a little brother
Well Holly I love you too but there's
Just so much that I don't know about you Holly give me some of your English lovin'
If I did that Jack I'd have one in the oven
Why don't you go off and just love yourself
If I did that Holly there won't be anything left for anybody else Jack it's too bad about the way you look
You know I gave that horse a carrot so he'd break your foot
Will the two of you cut it out?
And tell 'em what it's really all about Well it's true that we love one another
I love Jack White like a little brother
Well Holly I love you too but there's just so much that I don't know about you
