Faded (feat. Casey Veggies)

Cierra Ramirez

Ooh wee, Cierra
Take a sip with me
Ah, ah, fadedTake a sip with me, faded
Take a sip with me, faded
Your lips on me nowI can see ya now with ya hands on me
Glass half full but your cup empty
You can be my Jack, I can be your Brandy
What you know about that, know about that?
Clink clink, lemon drop to the floor
Ooh we slow wine, sipping Bordeaux
Take another sip, now we moving slo-mo
What you know about that, what you know about that?
So intoxicated tonight
So let's get lost, get under the lightsHurry up, hurry up, come get it, babe
Bottoms up, bottoms up, know you're thirsty
Your lips on me, now we faded
Hurry up, hurry up, come get it, babe
One, two, body shocked when you kiss me
Your lips on me, now we faded
Yeah, faded, yeah, fadedHold up, hand me your keys
So so drunk, drunk, sex on the beach
Feel it, warm it up like we down in Belize
What you know about that, know about that?
Stay on one, we be up all night
One more round, baby, I just might
One more round, baby, I just might
What you know about that, know about that?
'Cause we so intoxicated tonight
So let's get lost, get under the lightsHurry up, hurry up, come get it, babe
Bottoms up, bottoms up, know you're thirsty
Your lips on me, now we faded
Hurry up, hurry up, come get it, babe
One, two, body shocked when you kiss me
Your lips on me, now we fadedSo faded, fadedYou lookin' right, girl, actin' like
I want you now, want it late night
I think I'm losin' my patience
Drink after drink, girl, I'm faded
Gotta get closer
We can slide back in a Rover

I'll do you right, like I'm s'posed to
We can just blow on a doja
Yeah, roll it up
Grab another bottle, baby, pour it up
Are we whatever?
I can take the pressureLet's make it happen
I'm waitin', you waitin' tappin'
You tryna find a distraction
But, baby, I'm all 'bout that actionHurry up, hurry up, come get it, babe
Bottoms up, bottoms up, know you're thirsty
Your lips on me, now we faded
Hurry up, hurry up, come get it, babe
One, two, body shocked when you kiss me
Your lips on me, now we fadedSo faded, take a sip with me, faded
So faded, take a sip with me, faded
Your lips on me, now we faded
