

Alps

Last Dinosaurs

Throw me a card to gamble on
Find me a life worth living for
Show me the path you move along
Teach me a time back when we tried it We lost our touch
We left it

We learnt too much It seems these days they are, yeah they're getting longer and longer
It seems these days they are, yeah they're getting longer and longer Read me a line to memorise
Allow me to take what I need
I am the face you'll recognise
Treasure the time back when we tried it We lost our touch
We left it

We learnt so much It seems these days they are, yeah they're getting longer and longer
It seems these days they are, yeah they're getting longer and longer It seems these days they are, yeah they're
getting longer and longer
It seems these days they are, yeah they're getting longer and longer (x4)
