Brainwashed

Ian Hunter

HunterT-shirt with the maker's name, can't believe you bought it
Brainwashed, brainwashed
You're still falling for it, you're still falling for it.Running up those credit cards, you know you can't afford it
Brainwashed, brainwashed
You're still falling for it, yeah, you're still falling for it.Don't forget to accessorize, makeup by the gallon
Brainwashed, brainwashed
Panic at the salon, panic at the salon.What's up, what's up, what's up, what's up
(Baby, you been brainwashed)
If you walk like a duck, quack like a duck
(Baby, you been brainwashed)
Rewind your life, rewind your life
(Baby, you been brainwashed)
Just press repeat, just press repeat, just press repeat, just press repeat
(Baby, you been brainwashed).Who's that over made up clown twisting my religion?
Brainwashed, brainwashed
And everybody listens to ya, everybody listens.I watched you lying on the TV, everybody saw it
Brainwashed, brainwashed
They're still falling for it, yeah, you're still falling for it.321, you're under, 231, you're under
132, you're under, 213, you're under
You're under, you're under
You're under, you're under
You're under, you're under
You're under, you're under
You're under.I can't tell you anything, you won't listen to it
Brainwashed, brainwashed
Look at how you blew it, yeah, look at how you blew it.Speak no evil, hear no evil, say you never saw it
Brainwashed, brainwashed
You're stil falling for it, yeah, you're still falling for it.Brainwashed, brainwashed, brainwashed, brainwashed
Brainwashed, brainwashed, brainwashed, brainwashed
Brainwashed, brainwashed, brainwashed, brainwashed
Brainwashed, brainwashed, brainwashed, brainwashed.
