

Pleasure

Blondfire

When the pleasure comes maybe we'll be one
When the pleasure comes 2xCrystal eyes, cause the night is waiting to know
Paradise, living for that feeling let goPrechorus:

At the top is where we'll be

Blurry lines and ecstasy

Don't you wanna go with me

Reach for the shooting stars

Here and now is where we are

Come along and we'll be freeChorus:

SET FIRE TO THE HOUSE

burning through the pleasure with you

SET FIRE TO THE HOUSE

burning through the pleasure with youHypnotize all that you believe in will flow

Mesmerize you and I can see it down belowPrechorus:

At the top is where we'll be

Blurry lines and ecstasy

Don't you wanna go with me?

Reach for the shooting stars

Here and now is where we are

Come along and we'll be freeChorus:

SET FIRE TO THE HOUSE

burning through the pleasure with you (burning through the pleasure with you)

SET FIRE TO THE HOUSE

burning through the pleasure with you (burning through the pleasure with you)Get up get up get out of your head

Get up get up get out feel alive 2XBridge:

All we need is you and me tonight (Set fire, Set the fire)

All we need is you and me tonight (Set fire)

WANT THAT PLEASURE!!Spend your whole life, Spend your whole life waiting

Spend your whole life...Chorus:

SET FIRE TO THE HOUSE

burning through the pleasure with you (burning through the pleasure with you)

SET FIRE TO THE HOUSE

burning through the pleasure with you (burning through the pleasure with you)Get up get up get out of your head

Get up get up get out feel alive 2XWhen the pleasure comes

When the pleasure comes...(Want that pleasure) When the pleasure comes maybe we'll be one

When the pleasure comes

(Want that pleasure) When the pleasure comes maybe we'll be one

When the pleasure comes

(Want that pleasure) When the pleasure comes (set fire, set the fire)

maybe we'll be one when the pleasure comes
(Want that pleasure) When the pleasure comes (set fire, set the fire) maybe we'll be one
When the pleasure comes You spend your whole life
Spend your whole life waiting...
