## Bubblegone

Won't you be my dictionary?  
Won't you translate fun?  
Into something necessary  
Inter uni sun  
Won't you be my dictionary?  
Can't I be very necessary?  
Inter uni fun  
Comes back  
Satellites they mix you up and  
Hypnotise you with the sound  
Reproducing would fuck you up and  
Make you forget what you found  
Won't you be my dictionary?  
Can't I be very necessary?  
Inter uni fun  
Comes back  
Inter uni fun  
Comes back  
Inter uni fun  
Comes back
