Let It Go

Philip Selway

One more night in this place, I just couldn't sleep.
One more night wide awake, I just couldn't leave.Let it go, let it go, let it go.
Now it's over.
Let it go, let it go, let it go.
Now it's over.We hold onto the past, it's a dusk coloured place.
Lose ourselves in the past, and its jumped up mistakes.Let it go, let it go, let it go.
Now it's over.
Let it go, let it go, let it go.
Now it's over.Just as you walk away.
There's always a sad song playing.
I'm over it now, I'm over it now.Just as you breathe again.
There's always a sad song playing.
I'm over it now, I'm over it now.Just as you walk away.
There's always a sad song playing.
I'm over it now, I'm over it now, I'm over it now.
