

The Lady With the Fan

Cab Calloway

She's the lady with the fan
When she comes by, hold your man
She made Smoky Joe so ginny
He forgot about his Minnie
She's the lady with the fan She's the lady with the fan
Can she dance? Yeah, man
Every wiggle gets a giggle
From the hick who pays a nickel
To see the lady with the fan She's the lady with the fan
She's the lady with the fan
She's such a grand attraction
She put lazy bones in action
She's the lady with the fan She's the lady with the fan
She's the lady with the fan
In fair or stormy weather
She shakes them both together
She's the lady with the fan
