## Halford

The way you look at me  
Feel all your hatred buildin'  
I won't be what you see  
A nation built for killin'The color of the skin  
Dividin' Church's Saviors  
The wars that you begin  
Reflect in your behaviorWe live and die  
From all this isolatin'  
We live and die  
When we stop procreatin'Genetic blasphemy  
Resisting devastation  
Corrupting heresy  
To save the populationWe live and die  
From all this isolatin'  
We live and die  
When we stop procreatin'We live and die  
To generate existence  
We live and die  
A lifeline of persistenceWe live and die  
And all we feel is sadness  
We give and try  
Mankind embraces madnessWe live and die  
And all we feel is sadness  
We give and try  
Mankind embraces madness
