

# Naive

## Sants

How you been, boy you're lookin' good  
Are you still livin' down in Birmingham  
    Funny how things didn't turn out  
    Like we thought they would  
Now here we are standin' face to face again  
    Two old long lost friends  
    Laughin' 'bout when we'd sing  
    "Born in the USA"  
And we'd scream it at the top of our lungs  
    Remember how you'd always say  
    You were gonna change the world  
And yeah, I would always be your girl  
    And we dreamed about runnin' away  
    Just takin' off and chasin' the sun  
    Man, we really had it made  
    We were young, in love and free  
    And so naive, so naive  
    Where'd it go  
    All that crazy confidence  
    You and me  
    Not afraid to face a thing  
    Wish we could go back  
    And live again the hours spent  
In your car cruisin' like we owned the town  
    Yeah, we'd turn that song up loud  
    And we'd drown Bruce out singin'  
    "Born in the USA"  
And we'd scream it at the top of our lungs  
    Remember how you'd always say  
    You were gonna change the world  
And yeah, I would always be your girl  
    And we dreamed about runnin' away  
    Just takin' off and chasin' the sun  
    Man, we really had it made  
    We were young, in love and free  
    And so naive, so naive  
    Na, na, na, na, na, na  
We were tender, we were green  
    So much we hadn't seen

We were wide eyed and innocent  
And so naive singin'  
"Born in the USA"  
And we'd scream it at the top of our lungs  
Remember how you'd always say  
You were gonna change the world  
And yeah, I would always be your girl  
And we dreamed about runnin' away  
Just takin' off and chasin' the sun  
Man, we really had it made  
We were young, in love and free  
And so naive, so naive  
Oh man, we really had it made  
We were so naive  
We were so naive
